Dear Members of CLC South Africa

May the celebration of the Feast of St Ignatius on the 31st July bring us all great joy love and peace.

This is a Communiqué Extraordinaire as it is to celebrate and congratulate Fr Graham on his 20th anniversary of the Priesthood. We *also* congratulate Cuthbert Nyamupangedengu on being awarded his PhD in Electrical Engineering in the branch of High Voltage at the University of the Witwatersrand. He was capped last Thursday. Two such auspicious events in the space of ten days must be noted. We of Cuthbert's group will delight in some good coffee and cake because we do not have any photos of Cuthbert. So the following is an extravagant but such fun *Feast of Fr Graham*:

It was cold at the La Verna Assembly. Sharing was the name of the game. I am reminded of the poem (somewhat altered):

*The longest ever woolly scarf
Was worn by Graham Edward for a laugh
Around his neck the scarf he wound*

*But still it
trailed upon
the ground*

With apologies to
the poet Colin
West

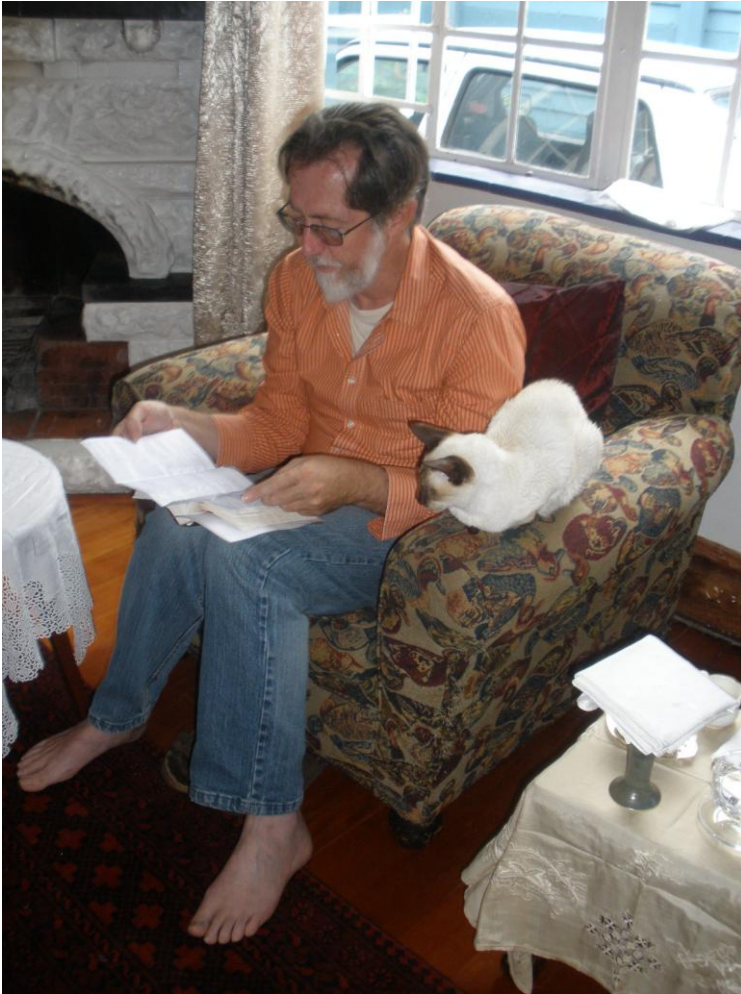

With the
Gauteng &
Cape Town
Delegates
and Fr
Alberto Brito
SJ
